

Speaker's Kit

The purpose of the Speaker's Kit is to display visual aides that educate and expose the general public to different components of the Space Shuttle. Each component is accompanied by text that explains its importance. In addition to Shuttle hardware, information is conveyed through the use of models, artifacts, and supplemental audio and video. A representative from the Speaker's Bureau at NASA's Marshall Space Flight Center will be provided to present this information.

General Specifications

Dimensions:

- One case @ 3' x 2' x 1.5'
- Actual setup size varies per event
